

The Soroptimist International

It is an International organization of beyond 3.000 service clubs in 125 countries in the world and with more than 90.000 women professionally engaged in work, in the arts and in business enterprises.

Soroptimist International promotes actions and gives the chance to build a world in which women can realize their own individual and collective potential, to realize their own aspirations and have the chance to create strong and peaceful communities in the world; in order to change women's life through the entire net of the Soroptimist and the International cooperation, so that they could enjoy equal opportunities, live in safe and healthy environments, participate in education, leadership and practical activities.
